How did you hear about us \_\_\_\_\_

Here at K9 Kiddos, we care about your pet and their safety. We want to assure you that every precaution will be taken to provide a safe and stress-free experience for your pet. Due to the intimate nature of the grooming process, a pet's tolerance level to stress, strangers or handling can possibly make them become anxious or reactive. K9 Kiddos has my permission to do whatever feels necessary for the well-being and health of my pet. K9 Kiddos will not be held responsible for any conditions or problems discovered during grooming. If veterinary care is necessary as a result of services done by K9 Kiddos, we must be notified immediately, within 48 hours, after appointment. Reimbursement will be under the discretion of K9 Kiddos. We will not be held responsible for clipper burn, minor nicks or skin irritation resulting from grooming, especially due to coats that are not properly maintained. K9 Kiddos will not be liable for any after grooming effects of dematting, clipping procedures or problems uncovered due to severely matted coats, including but not limited to, itchiness, skin redness, or self-inflicted irritations from excessive rubbing or scratching. I understand that time, effort and costs of dematting will vary and my pet may have to be shaved in order to remedy the matting properly if and when all other efforts have been exhausted.

K9 Kiddos reserves the right to refuse, deny, or fire any dog due to behavioral and/or health issues, for the safety of the groomer and pet. I understand that if my pet becomes aggressive and does bodily harm to a groomer or another pet, I am liable for any veterinarian or hospital bills that may occur from my pet's

If we determine that continuing a grooming service would present a threat to your dog's emotional or physical health and/or the safety of the groomer, we will discontinue the service, and you will be contacted immediately. K9 Kiddos will take every precaution to complete a grooming service safely and humanely including proper use of common industry safety equipment such as grooming loops, soft muzzles and restraints.
